PAST PERFORMANCE

- **Restaurant Growth Services, LLC (RGS)** Subcontractor to expand WIFI coverage for 99 Restaurant sites throughout the Northeast Region. April – July 2022; ~100 different restaurants – ran cabling and organized all their network infrastructure. Project Size: \$98,000+
- **Presidio Managed Network Solutions (PMNS)** 3rd Party Subcontractor to Rack and Stack at Data Center in Billerica for First Quality Enterprise, Inc. December 2021 – January 2022; Tech(s) to implement Dell Servers, Cisco routers and switches into 8 Data Center racks. Once racked, then needed to cross connect from device to device to make sure all equipment has been verified connectivity via network operations support tech. Techs then had to label each cable wire from end to end for proper organization and cable management for clean professional look.
- **Tech Connect Services, Inc (TCS)** Subcontractor for Data Cable and Cisco Switch Installation Project to install Access Points and Cameras for Atria at Maplewood in Malden, Ma. August 2020 – October 2020. The job is to run over 90+ data cables to install 70 Wireless Access Points and 31 Cameras as marked on client provided floor plans. Also, techs needed to implement new IDF rooms per floor and install Cisco Switches to connect cameras and AP's from each floor and connect back to MDF on lower level. All cabling will be run in J Hook pathways and through vertical conduit between floors.

DIFFERENTIATORS

- Specialize in the Implementation of Network Infrastructure ensuring quality project completion
- Utilizes E2 (Effectiveness and Efficiency) Methodology providing streamlined downtime for clients in performing the solution with typical results of reduced project time.
- Certified Technicians, from Comptia A+ to CISCO Engineers ensuring low risk to client.
- Ranked as a top level (5 star) technician for WORK MARKET & FIELD NATION freelance platforms.
- Mentor/Coach to professionals serving as apprentices to ensure professional growth and decrease costs for clients.
- Provides solutions that provides ease of use and training so that clients can troubleshoot their problems if needed.

CLIENT TESTIMONIAL

"Anthony's ability to juggle multiple projects was unlike any I've seen before and made a dramatic difference in the productivity level of our team."

Abel T. - Tufts University Apprentice
